Ready to share
**company sustainability
challenges**
with your team?

**Make it easy and effective,
empower your management
and employees having a new
engaging experience.**

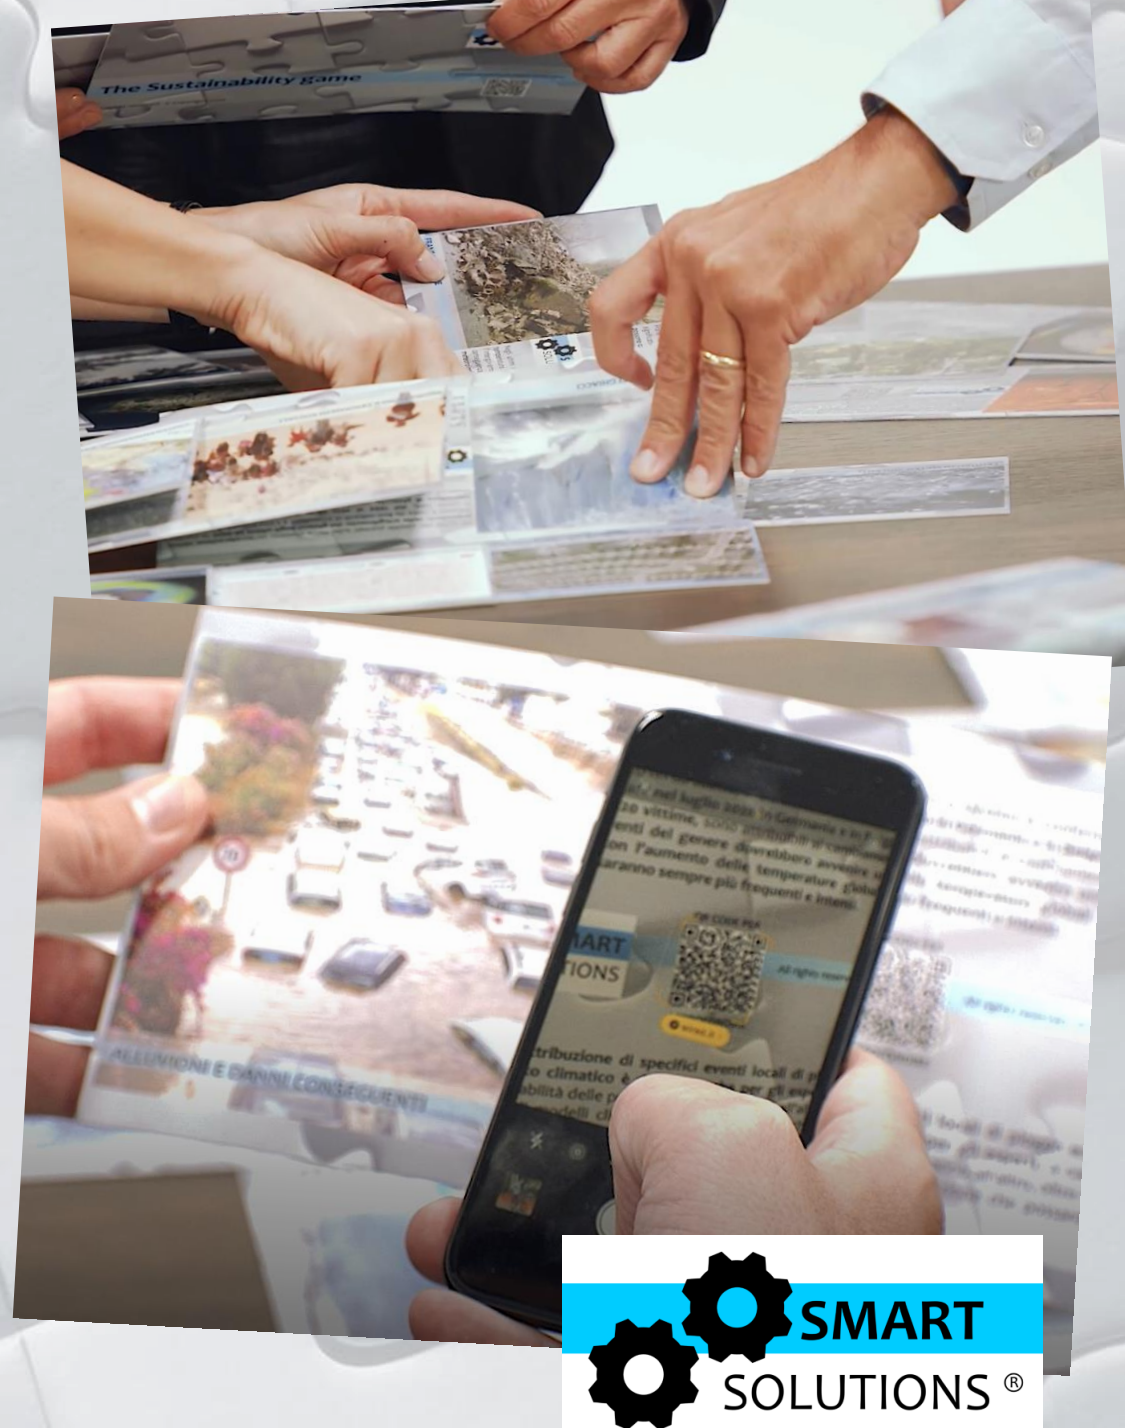

Let's play **The Sustainability game**, enjoying the original and successful serious-game!

Let's discover together **40 different consequences of increasing carbon dioxide** in the atmosphere.

Experiential methods such serious-gaming are **much more effective*** than **other traditional teaching tools** in learning process!

(*) Fry and Kolb research, 1979

Choose your favourite format in building your company sustainability awareness:

- 2,5-hour **team-building event**
- 4-hours **training**
- 8-hours **training + workshop**
